Report on Meeting with [REDACTED] 26 January 1960

25X1X7

1. The meeting was called at the request of [REDACTED] Its
 purpose was to deliver a series of 16 informal papers prepared
 25X1X7 by [REDACTED] on Soviet equipment and research programs
 in Antarctica. [REDACTED] indicated some uneasiness in releasing 25X1X7
 the reports because they are copies of raw, unedited, manuscript
 papers, some not very legible. I assured [REDACTED] that we 25X1X7
 understood completely, and this would not detract from their
 value in the least. He also asked me to prepare a note to
 25X1X7 [REDACTED] giving my personal assurance that the use of the material
 will be strictly limited to CIA and the Armed Services, and that
 25X1X7 such use will be made without attribution to the [REDACTED] 25X1X7
 source.

25X1X7 3. [REDACTED] was also given additional information on
 details of the Soviet map production program on Antarctica.
